You can check the latest timetable on the web page of [Ljubljana bus station](#). Tickets can be purchased from the driver, at the Ljubljana station or on-line.

There are also [shuttle services](#) (about 9 €), which can also be arranged to drive you to your hotel. Although you can usually drive from airport to the city even without reservation, we recommend you to reserve the transfer by phone or online. You can find contact information on the same site.

Coming to Ljubljana by Train or Bus:

There are various connections across the Europe. The main bus and railway stations are collocated. Shuttles from the airport (see above) also stop at the same location. Slovenia railway company is [Slovenske železnice](#). For the international timetable you can use [DB timetable](#), which can also be used for connections within Slovenia. You should have the ticket prior boarding. It can be purchased at a train station (recommended for international journeys), through a vending machine, on-line or via app. If the office at the departing station is closed at the time of departure you can buy the ticket from the conductor and no additional charge (for connections inside Slovenia).

There are many bus companies and timetables can be checked at [Bus station Ljubljana](#). International tickets should be purchased at the bus station or on-line.

Tickets for connection within Slovenia can also be purchased from the driver.

Moving across Ljubljana (to the workshop venue):

- **by walking:** in the case that your hotel is close to the venue of the workshop.
- **by public transport:** you can use public busses in the city. The station in front of the faculty is "Hajdrihova" with the busses number 1, 1B (direction Mestni log if going from the center), 6 (Dolgi most), 6B (Notranje Gorice) stopping at that station. To use public busses you need to buy [Urbana card](#), which can be [purchased and topped-up](#) at the tobacco shops or [Urbanomats](#) which are spread around the city (the card itself costs 2 €). Each ride costs 1.30 € and you can change buses any number of times within 90 minutes. One card can be used by multiple persons at the same time. This should be told to bus driver prior using the card. Additional useful information: [City public transport map](#)
- **by taxi:** [Metro taxi](#), Phone: 080 11 90
- **by bicycle:** using a city bicycle rent service [bicike\(lj\)](#). You can make short term (7 days) [subscription](#) to the service, which cost 1 € (plus 350 € insurance deposit, debited in case of damaging the bicycle). You can use the service by renting the bicycle using 4-digit pin code or mobile app at one renting post ([locations](#)) and then park it at any other post. To go to the conference, the appropriate station is located at [Tržaška cesta 37](#), 200 m west from the faculty.

From the workshop venue to the restaurant Pod vrbo:

Ziherlova ulica 36 (Trnovo)

- **by walking:** Due to close distance (1.4 km) we recommend walking. Go to the street south of the Faculty (Jamova cesta), turn left in direction of center. At fourth crossing (about 500 m) turn right to Groharjeva street (ulica). Follow it to the end (600 m) where it turns left to Barjanska road (cesta). When you cross the road, you are on Ziherlova street. After 280 m the restaurant is on the right.

- **by public transport:** At the crossing with Barjanska road there is station Ziherlova, served by bus 9, which runs through center and main bus/railway station. You can switch with many other buses incl. 1 and 6 at Drama (two stations away).
